Wendeware AG connects decentralized generators, storage systems, and loads into an intelligent energy system with the AMPERIX® energy manager and the AMPERIX® myPowerGrid portal. OEM-ready for residential as well as commercial/industrial applications (Home 4, Business 4). USPs: powerful data analytics (live dashboard, reports), automatic device detection, and intelligent load management for peak shaving and cost-optimized control. The Fraunhofer ITWM partnership strengthens ongoing development.
