

INTERSOLAR EUROPE CONFERENCE			EES EUROPE CONFERENCE		POWER2DRIVE EUROPE CONFERENCE	EM-POWER EUROPE CONFERENCE
ROOM 14A	ROOM 14B	ROOM 14C	ROOM 5	ROOM 4	ROOM 13B	ROOM 13A

## TUESDAY, JUNE 18, 2024

Welcome Coffee 09:00am–09:30am

09:30am–11:00am

THE SMARTER E EUROPE CONFERENCE OPENING – ROOM 1

Coffee Break

11:30am–01:00pm

Global & European Decarbonization Strategies: Challenges & Solutions on Solar's Path to Become the World's Major Power Source

Distributed Solar Power: Controlling Energy Bills in Residential and C&I Buildings

What's Hot in Solar Technology: New Tech Trends To Lower Costs & Improve Solar Product Functionality

BESS Supply Chain – Seizing Opportunities, Mitigating Challenges

Use Cases: New Challenges, New Opportunities - Explore the Potential

Supercharge Your Knowledge: Unveiling the Future of E-Mobility Charging!

Flexible Grid and Innovative Grid Management

Lunch Break

02:30pm–04:00pm

Leading European PV Markets I: Deep Dive Germany - Understanding the Continent's Most Ambitious Solar Market

Utility-scale Solar Power I: Trends in Development, EPC and Asset Management

Floating Solar Power: Preparing for the Next Growth Level Onshore & Offshore

Electricity Market Reform (EMR) & More – The State of EU Policies to Support Energy Storage

Clean Batteries - EU Battery Regulation 2023 - What Does it Mean for the Industry?

International EV & Charging Market Outlook

Joint Session with ees Europe  
Large, Grid-Scale Storage for More Supply- and Demand-Flexibility

Coffee Break

04:30pm–06:00pm

Leading European PV Markets II: How to Keep Solar Momentum Growing After the Energy Crisis

Utility-scale Solar Power II: Digitalization in PV Power Plants - Enhancing O&M through Digital Twinning, Data and Process Integration

Agricultural PV: How to Tap into Europe's Huge Potential for Solar Power in Agriculture

What's Next? - Innovations in Battery Technology

Long-Duration Energy Storage – What's Holding it Back, When Will it Break Through?

Joint Session with EM-Power Europe  
Vehicle-2-X and Grid Congestion

Joint Session with Power2Drive Europe  
Powering Tomorrow: The Expertise in E-Mobility Integration and Impact on Grids

06:15pm–07:45pm

THE SMARTER E AWARD CEREMONY – ROOM 1

THE SMARTER E AWARD CEREMONY – ROOM 1

07:00pm–10:30pm

SUMMER BBQ

SUMMER BBQ

## WEDNESDAY, JUNE 19, 2024

09:00am–10:30am

Corporate Power Procurement & PPAs: Lessons Learned about Powering Corporates using PPAs

Utility-scale Solar Power III: Lifecycle & Quality – from Operations to Decommissioning & Re-powering

Off-Grid: Decentralized Water-Energy-Food Nexus

A Gigawatt-scale Revolution - Outstanding Energy Storage Projects in Europe

Interoperability Through Conformance Testing

Energy Communities and Smart Energy Sharing

Coffee Break

11:00am–12:30pm

Shaping the Solar Landscape: Female Visionaries on Project Funding for PV

Joint Session with ees & EM-Power Europe  
Hybrid PV Power Plants I: Providing Flexible Generation for the Energy System

Off-Grid: Digitalization to Speed Up Off-Grid Projects

Europe's Hottest Energy Storage Markets: Established Heavyweights and Exciting Newcomers

Unlocking Sustainable E-Mobility: Redefining Charging Infrastructure

Demand Side Flexibility – the Role of Grid Infrastructure, Market Players and Digitalization in Meeting Consumer Expectations

Lunch Break

02:00pm–03:30pm

Solar & Sustainability: All About ESG Considerations & Transparency along the Solar Supply Chain

Hybrid PV Power Plants II: Business Models for 24/7 Renewable Power Plant Supply

Joint Session with ees Europe  
Off-Grid: Storage Systems & Sector Coupling

Offtake and Asset Optimization – A Growing Opportunity in Continental Europe?

Joint Session with ees Europe  
EV Battery Development

Interoperable and Secure Energy Data Sharing in a Consumer-Dominated Market

Coffee Break

04:00pm–05:30pm

Off-Grid: Pioneering 100% Renewable Energy Supply: Opportunities and Challenges of Off-Grid in Island and Remote Environments

## WEDNESDAY, JUNE 19, 2024

We record the conference presentations. Get full access to our on-demand platform with more than 1,000 recordings for only €180.
